Summary of Parent Engagement Events from the Previous Year		
Name of Activity	Number of Participants (this number should equal the number of participants listed on sign in sheets)	Results of Evidence of Effectiveness How do you know the parents learned what the activity was intended to provide? (Responses such as sign-in sheets or attendance results are not sufficient. Responses such as analyzed parent survey results and/or formative assessment results are sufficient.)
Title I Parent Night	11	Due to visitors not being allowed on campus this year due to COVID, we held our Title I Meeting virtually. Due to this, attendance was greatly reduced from previous years. However, those who did attend virtually completed a survey and based on the results, parents stated that the overall meeting was helpful.
5 th Grade Parent Day	12	Based on the survey results, the 5 th Grade Parent Day was very helpful to our 5 th Grade students and parents. We will continue having this meeting for the 2021-2022 school year.
3 rd FSA Parent Day	10	Based on the survey results, this was a very helpful meeting for our 3 rd grade students and parents in order to inform them of the State Assessments that their child will be taking. We will continue to have this meeting for the 2021-2022 school year.

BARRIERS

Describe barriers that hindered participation of parents and family members in engagement events during the previous year. Refer to summarized data from stakeholder engagement surveys from events held during the 20-21 school year (not applicable to new Title I, Part A schools) and the site-based 20-21 Annual Parent Survey.
Based on survey results, parents were overall pleased with the events that were held here at Marion Charter School. In order for it to be a continued success, we will continue to offer a variety of times and days for our meetings with Parents
Describe the barriers that hindered the participation and engagement of parents and family members during previous school years.
The barriers that parents mentioned was that they couldn't attend the meetings due to their work or personal schedules despite us offering it on multiple days and multiple times.
(1) Prioritize the Top 3 barriers (it may be possible to combine some) and (2) describe the steps that will be taken during the upcoming school year to overcome the parent and family engagement barriers (required*include how the school will overcome barriers for students with family members who have limited English proficiency, parents and family members with disabilities, and parents and family members who are migrants.
In order to try to accommodate all parents, especially the parents who still could not attend due to work or personal schedules, we will continue to offer multiple days and times for all of our meetings. We will also post the information on our website; school based social media page, and DOJO. We will also try this year to post videos/ webinars of the information that was given at the meetings so that parents can view at their earliest convenience. We also survey parents annually to see which times are better for them, but inevitably, some parents still cannot make it due to scheduling conflicts.
What is your Parent and Family Engagement Plan goal for the 2021-2022 school year (<i>must be tied to student academic achievement and aligned with your school improvement plan</i>)?
If we focus parent and family engagement activities on ELA, Math, and science standards and build a strong foundation for two-way communication with families, then student learning gains will increase based on local assessments and diagnostic data.

COMMUNICATION AND ACCESSIBILITY

Family meetings will be scheduled in a flexible format (ex: different days and times) and when necessary, meetings will be duplicated at different times/days allowing for maximum family and community participation. Family meeting information will also be available (upon request) to those families unable to participate during face-to-face meetings as well as phone and email follow up. Additional strategies will be applied as the need arises on a case-by-case need.

Prepared messages related to progress reports, upcoming school-family events will be created using clear, easy to understand language (removing academic or industry terms/acronyms whenever possible) and sent via Skylert to registered phone numbers, and email addresses of our families. Additional communications will be relayed through medias such as School-based website, teachers' DOJOs, school newsletters, fliers, and school marquee.

For those students whose home language is not English, documents will be translated using a free online translation service to the home language of the family.

BUILDING CAPACITY

When a school receives Title I, Part A funds, it is responsible for building the capacity of parents to improve their child's academic achievement. This includes activities and strategies for parents to understand challenging State academic standards; State and local assessments; how to monitor their child's progress and work; literacy training; how to use technology; and other strategies of how parents can assist their child with the learning process. All funds expended under this section should align to this section and to achieving the goals in the Title I School wide plan by engaging parents and families. [ESSA Section 1116]

BUILDING THE CAPACITY OF PARENTS AND FAMILY MEMBERS

Reflecting on the needs assessment process, what is an overview of how the school will implement activities that will build the capacity for meaningful parent and family engagement?

After reviewing surveys and family ideas/suggestions for activities they would like offered at the school, activities will be based on family needs to best support the school and at home learning environments. Several activities include 3rd, 4th, and 5th Grade FSA Night where parents come and learn about which types of state assessments that their child will be taking this year and provide them with sample questions and additional resources. We also have Make It, Take It Night, where families can come in and make some age appropriate reading and math folder games to use with their child at home. We also have Math Night at Publix where students and families came complete grade level appropriate activities together. We would also like to have a STEAM Night where families can come in and complete STEAM related activities together.

How will the school implement activities that will build relationship with the community to improve student achievement?

- Invite community members/business partner to participate at our Board meetings and to share their knowledge and expertise in ways to promote learning through real world applications.
- Invite family and community members to design and assist in planning upcoming engagement events.

If there are additional ways resources are provided for parents through the use of Title I, Part A funds, how are they provided and what trainings are provided to adequately prepare parents to use the resources and materials at home with their children?

We will utilize the District Title Parent Resource Van and District Parent Resource Room. We will communicate to the community and families about the upcoming District Title Parent Resource Van scheduled visits via social media campaign, school newsletter, and website. Families are able to check out academic resources to assist with student learning at home. In addition, we will encourage teachers to refer families to the District Parent Resource Room to utilize and take home the many available resources to assist with their students learning gains and to reduce summer slide.
